

STARFLEET Membership Handbook Change Log

January 2010

- Section 02:06 – Introduction of an additional paragraph immediately following Paragraph 5 which allows Regional Coordinators to promote members who wish to remain as Active members of STARFLEET but not be assigned to any chapter.
- Section 04
 - Renumbering of the existing 04:10 to 04:11, and 04:11 to 04:12 (for introduction of new section as noted below)
 - Introduction of a new section as Section 04:10 called “Accelerated Shakedown Program”
 - Minor wording adjustments in Section 04:09 and (the now re-numbered) 04:11 to better match wording introduced in Section 04:10 for crew requirements.
- Section 07 – Extracting the STARFLEET Constitution into it’s own separate document as a preparation for the new STARFLEET Membership Handbook and Bylaws which will be voted on during the 2010 election process and, if passed by the membership, will go into effect in 2011.

This was recommended not only by members but also by STARFLEET’s attorney in order to help clearly separate our organizational bylaws from the membership handbook and show a proper separation between the two.

April 2010

- Section 02:05 – Redrafting of this section which better clarifies membership rights, membership responsibilities and other guidelines of membership in STARFLEET.
- Section 02:13 – Introduction of a new section to the handbook. This section specifically outlines disciplinary actions, possible sanctions and process of handling a membership rights complaint.
